## THEFT FROM INTERSTATE SHIPMENT

## Synopsis.

International Tractor, property of Holland Cartage Co., Harvard, Illinois, VIN F B 8351F, bearing 1961 Illinois license N 7409, trailer No. 1018, and Central Wisconsin Motors Transport Co. trailer No. 9076, bearing 1961 Wisconsin license CS 1796, found abandoned, empty of interstate shipment, east of Grant Park, Illinois, on 1/24/62. Theft report filed. Holland Cartage Co. official claimed tractor and trailer, Grant Park, Illinois, on 1/24/62. Recovery value of tractor and trailer \$16,275.

- RUC -

SI 15-2864

DETAILS:

This case is predicated upon receipt of a telephone call from [redacted] Chicago Office, who advised that at 12:35 p.m. on 1/24/62 the two Holland tractors, the Central Wisconsin Trailer, and the Green Line Trailer had been stolen from the Holland Cartage Co. on the morning of 1/24/62.

b7C

He advised that one of the trailers, believed to be the Central Wisconsin Trailer, had been seen going south and had been recovered by District #4, Illinois State Police, at Grant Park, Illinois. He advised that the shipments were both interstate shipments, and consisted of Admiral TV Sets, stereophonic equipment, and radios.

Date February 6, 1962

[REDACTED]

Grant Park he observed a large tractor and trailer parked alongside the highway at approximately 8:10 AM.

He stated he stopped and looked in the tractor to determine if anyone was asleep or may have suffered a heart attack but found no one in the tractor.

He stated he returned to his cruiser and continued patrolling east and took District 6 summary at 8:20 AM and that there was no stolen report of any tractor and trailer on the summary.

He stated that while continuing his patrol he later heard a broadcast from their Blue Island station reporting the theft of two tractors and two trailers and he immediately returned to the area east of Grant Park where he had observed a tractor and trailer earlier.

b7C

b7D

He stated that he then made a thorough check of the tractor and noted that there had been tracks made from the passenger side of the tractor to the rear of the trailer and that some paper had been thrown out on the snow near the rear of the trailer.

He stated that on the passenger side of the tractor the glove compartment had been torn off and thrown onto the snow along with a piece of paper, an ice chipper, and seals. He put these back into the tractor, laying them on the floor-board, and returned to the trailer and noted that there were no seals on the trailer doors, opened the door, and found that the trailer was empty.

He stated that he checked and found that there was no evidence of any transfer of any cargo from the trailer to any other unit as there would have been tracks in the snow which was on the side of the road which the snow plows had not moved.

COMMENDATION MATTER

Re Chicago teletype dated 2-10-62.

On the night of January 24-25, 1962, two tractor and trailer units were stolen from the Holland Cartage Company, Cicero, Illinois. These units were both completely loaded with Admiral television, radio, and stereo sets, total value of \$75,000, consigned from Admiral Corp., Harvard, Illinois, to various consignees throughout the United States.

Through investigation and contact with confidential informants, a farm was located near Chicago Heights, Illinois, where the stolen television sets were stored. A physical surveillance was conducted for a period of two weeks. This was done under very adverse conditions inasmuch as the weather was extremely cold, roads were icy, making driving hazardous. As it was conducted in a rural area, extreme discretion had to be used in order that strange persons and strange automobiles would not be detected in this area.

On the night of February 9, 1962, Bureau Agents observed Admiral products being moved from the barn on the farm into a truck and thereafter observed the truck, being followed by a Cadillac, leave the farmyard. After following the truck and car for about three miles, they effected an apprehension of five persons, two in the truck and three in the car. They displayed extreme alertness in effecting the apprehension in an excellent fashion not withstanding the fact that there was two-way radio communication between the car and the truck. As a result of this apprehension, the entire stolen loot, valued at \$75,000, was recovered at the farm, and the person in possession of the farm was also arrested.

Three different confidential informants furnished information to SAs [redacted] and [redacted] which information was extremely valuable in the location of the stolen merchandise. It is, therefore, recommended that a personal letter of commendation from the Director be given to each. It is also recommended that a letter of commendation be directed to the Chicago Office and a copy of this letter be placed in the files of all agents assigned to this case.

Remarks

If a further examination should be desired, it is suggested that attempts be made to locate some normal undictated writing prepared by LOUIS DOLENDI sometime within the past several years. An examination of such specimens may reveal whether or not he has attempted to disguise his handwriting on K1.

It is suggested that attempts be made to locate some normal signatures of JOHN ANTZOULATOS for comparison with the signature on Q2. It is also suggested that dictated known handwriting specimens in the wording of Q3 be obtained from JOHN ANTZOULATOS since some handwriting characteristics were noted which would make this desirable.
